

Builder Web Pages

A Builder Web Page is a powerful tool to leverage your experiences and your online presence to promote Multipure's products and business opportunity. It allows you to engage and inform customers in your own style and with your own words.

Multipure's Builder Web Page allows you to provide customers with access to a version of the corporate website and store automatically associated with your Builder ID#, ensuring that you are properly credited for any purchases.

Please visit the [Builder Business Store Section in the Multipure Store](#) to order your Multipure Builder Web Page.

Option 1: Basic Web Page

The Basic Web package is available to Builders at all levels who are in good standing.

Initial Fee: \$40

- 6 months of service
