

DEWEY IS
THE
THERMOREGULATOR

THE HEAT IS BACK
& IT'S TIME TO **CHILL**

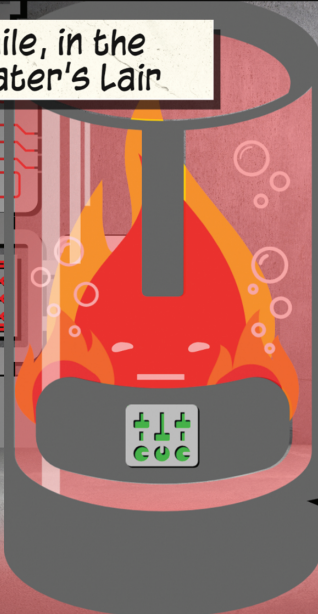

I, Dewey, am the mighty defender of health and well-being! With my cape and cowl, I channel my powers to assist the ailing and bring solace to troubled souls. No affliction is insurmountable, and no individual is beyond my reach.

I shall use my gifts to the fullest extent to ensure that every life I encounter is healed and uplifted!

Meanwhile, in the
Overheater's Lair

Dewey must learn that
my absence is a sign
of impending danger...

For now, I shall bide my
strength, but on the day
of the summer marathon,
when the sun is hot...

***I WILL UNLEASH
MY POWER!***

The day of the Marathon arrives. It's a hot, summer day and Dewey decides to take a break

A much needed day off. I think I'll kick back and watch the marathon.

Bask in the scorching heat!
The time has come to put an end to this marathon!

With Dewey so blissfully at ease, I shall strike when he least expects.

Behold my scorching might!

I shall unleash the fiery inferno upon the hapless runners...

Leaving them gasping and staggering in the searing heat of my wrath!

OH NO! The city is in peril!
I must **QUENCH** this heat!

I MUST make haste!
I feel the heat rising, and I know
that the Overheater is behind it.

You thought you could get away with
your fiery rampage, overheater?
YOUR REIGN OF HEAT ENDS HERE!

**YOU ARE TOO LATE TO STOP
ME, DEWEY! THE RUNNERS
ARE ALREADY FALLING TO MY
SEARING STRIKES!**

**YOUR FIERY TERROR WILL END,
OVERHEATER. BECAUSE YOU
FORGET ONE THING...**

**IT'S NEVER
TOO LATE TO
HYDRATE!**

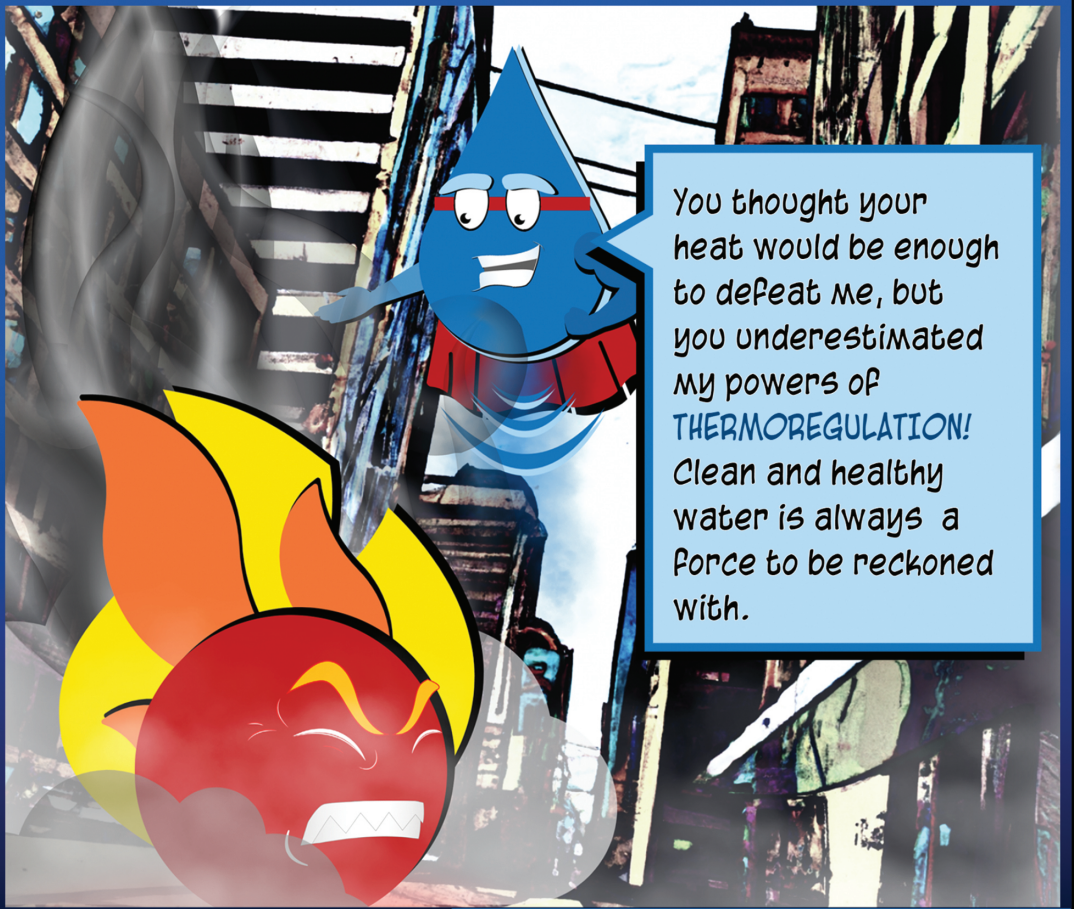

SPLASH

**IT'S TIME
TO CHILL!**

You thought your heat would be enough to defeat me, but you underestimated my powers of **THERMOREGULATION!** Clean and healthy water is always a force to be reckoned with.

As you feel the cool hand of justice, just know that the runners have already overcome your heatwave with the replenishing power of water.

THE END... FOR NOW

AQUAVERSA

Take a look at Multipure's Aquaversa: it's powerful, it's convenient, it's easy to use, and it's affordable. No wonder it's one of the most popular countertop and under sink filtration systems we've had to offer.

AQUAPERFORM

If you want a countertop or under counter water filter system that offers superior performance and convenience, consider the Aquaperform. This system is perfect for anyone concerned about the presence of Arsenic-V and many other contaminants in their water. It is a water filter with performance beyond the norm.

AQUALUXE

The Aqualuxe gives you the best in modern drinking water filtration. It is the only water filter machine to feature Multipure's proprietary PureBlock™ technology to remove bacteria, viruses, and parasites in water. The Aqualuxe goes above and beyond other water filters to dramatically reduce not just that, but also the "forever chemicals" PFOA/PFOS, microcystin, lead, disinfection byproducts, and much, much more.

AQUAMINI

Simply unpack it from your suitcase, connect it directly to the sink faucet, and you have cleaner, better tasting water at your convenience. When it's time to leave, unscrew the faucet connector, pack the Aquamini back into its carrying case, and put it right back into your suitcase to take along on your next adventure. It's that simple.

YOU NEED TO DRINK MORE WATER
