## August 2022

### A Marketing Minute From Multipure

We're at the tail end of summer, which means for most of the country it's at least another month of long days and blistering heat. Keep yourselves and your customers healthy by staying cool and hydrated with Multipure water.

We have some exciting news this month – Multipure will be featured on Designing Spaces (<https://www.designingspaces.tv/>), the award-winning home-improvement show on the Lifetime network! In our featured segment, Designing Spaces will highlight one family's quest for better water for their home and family, leading to their decision to install a Multipure system at their kitchen sink. Keep an eye out for us on Designing Spaces on August 24th at 7:30 a.m. Eastern/Pacific Time, and spread the word!

In other news, Emergency Preparedness Month is coming up in September, which makes this a great time to present our "Be Prepared" promotion to your customers and help them request a free WET System with their purchase of a Multipure drinking water system. It's never too early to protect your home and family from unforeseen water emergencies, and all through August and September, you can ensure that happens with this promotion. Refresh yourself on the details of the Be Prepared promotion at [www.multipure.com/promo](http://www.multipure.com/promo).

If you haven't done so yet, make sure to familiarize yourself with our Automatic Coupon Links. These links make it much easier for you to share Multipure's products and webpages with others while automatically associating your Builder ID number and 5% Discount Code to any purchases at the same time.

This month – August – is the last print edition of the Source of Success newsletter. Although the print SoS is going away (the online edition will continue to be posted on our website under Business Resources), we're introducing a separate, customer-centric email newsletter to customers who opt-in to our mailing list when they register on our website. The customer newsletter will be a great way to keep people informed about our promotions, blog articles, and handy tips for their water, home, and family.

Remember to stay safe, stay hydrated, and talk to people about cleaner water through Multipure. For Life. For You.

Dedicated to Your Success.

## Set Up Your Automatic Coupon Links

Ensure you get credit for your sales by using Automatic Coupon Links. An Automatic Coupon Link is a webpage link you create that automatically adds your Builder ID and Discount Code (if you have registered for your Builder Discount Code) to any of the Multipure pages visited or Multipure purchases made through that link. When you send an Automatic Coupon Link to a customer, and they click that link and make a Multipure product purchase, two significant benefits occur:

1. The customer automatically receives the 5% Builder Discount on their purchase of a drinking water system, Bath & Garden product, or replacement filter cartridge, because your Builder Discount Code is automatically applied to that purchase during the checkout process.
2. You automatically receive credit for the order in accordance with Multipure's Terms & Conditions, because your Builder ID is automatically assigned to this online sale at checkout.

**IMPORTANT: The Builder must specify and make it clear that they are a Multipure Independent Builder wherever these links are used.**

To set up your Automatic Coupon Links, visit [www.multipure.com/content/mp-auto-coupon-link.pdf](http://www.multipure.com/content/mp-auto-coupon-link.pdf) and simply follow the instructions. These links are specific to each Builder, because they use your unique Builder ID number.

**NOTE:** The Builder must have a registered Builder Discount Code for the Automatic Coupon Link to work. Builders who signed up prior to April 1, 2022, must register for their Discount Code at [www.multipure.com/multipure-business-opportunity/builder-resources/builder-discount-registration](http://www.multipure.com/multipure-business-opportunity/builder-resources/builder-discount-registration). Builders who signed up after April 1, 2022, were automatically registered for their Discount Code.

## Direct Deposit Saves You Time & Money

When you set up Direct Deposit, your commissions are automatically deposited to your bank account. This means you don't have to wait for the mail and don't need to take a trip to the bank. Even better, when you set up direct deposit, you bypass the processing fee associated with mailed commission checks. Direct deposit registration is quick and easy – simply visit [www.multipure.com/mp-direct-deposit/](http://www.multipure.com/mp-direct-deposit/). **NOTE:** Direct Deposit is not available in Canada.

## A Multipure Builder Webpage Can Power Up Your Business Identity

When you purchase and subscribe to a personal Multipure Builder Webpage, you help customers see your Builder Business as a business, and not a hobby. It helps establish your Builder Business identity, especially when added to your business cards, email signatures, and other business materials. Best yet, when a customer uses your Builder Webpage to purchase Multipure products, your Builder ID and Coupon Code are automatically applied during the checkout process! You can subscribe to your Builder Webpage at [www.multipure.com/basic-web-no-email/](http://www.multipure.com/basic-web-no-email/).

## Regarding The Warranty On Drinking Water System Parts

Customers with issues regarding specific parts on their drinking water system should be instructed by Builders to contact Multipure directly. Multipure will send the necessary part to the customer, and this establishes a record of the issue and the replacement part resolution. Builders should not sell parts from their stock, as this prevents this record from being established.
